Kentish Town Community Centre Christmas Happiness Hampers Project

December is around the corner which is a tough time for lots of our families. So, we are launching a special Happiness Hampers fundraiser!

Our aim is to provide Christmas Happiness Hampers to as many local families as we can. Our local schools will identify families most in need of some festive joy and happiness. The hamper will be full of tasty treats along with useful store-cupboard items. We are looking to provide around 300 hampers this Christmas.

The easiest way to donate is to contribute towards our online fundraiser:

Thanks in advance for your support. Sarah Hoyle, Centre Manager

We are looking for local volunteers to become Community Champions, who will help people access existing and new activities and services in their area and help to improve health and wellbeing in Kentish Town.

You can volunteer as little or as much time as you can, make use of your networks to connect friends, families and neighbours with local services and spread important messages about health and wellbeing.

This is an exciting opportunity which will be both fun and rewarding. For more information contact Jill on 07939877745 or email:
